COCKTAIL INSPIRED BEER

Lord Chambray decided to venture in a new world where beer meets one of the most famous cocktails of the moment: the Manhattan. Thanks to the creativity of Morris Maramaldi, mixologist and philanthropist from Milan, this project has been possible. This amber-coloured beer pays homage to the famous cocktail, and recalls the flavours of the ingredients that make up the original recipe, including juniper berries and wormwood.

INGREDIENTS: Water, malted barley, malted rye, hops, juniper berries, wormwood, yeast.

FOOD PAIRINGS: Ethnic and spicy cuisine, smoked fish, risotto with mushrooms, semi seasoned cheese.
